

**Planet Earth: Water Issues and Conservation  
 Site Host: Parkland College, and Other Sites  
 July 20-23, 2010**

The Mahomet Aquifer Consortium and Earth Partners are sponsoring this “water” class to help teachers learn about local water resources and demands and how water use or conservation affects water resources. Scientists from the State Water and Geological Survey, Soil and Water Districts, IDNR, and Agriculture Representatives will provide field trips and curriculum materials for your classroom.

- ✓ Class Fee: Earth Partners \$175
- ✓ Stipend for attending the class: \$75  
 Funded by the Mahomet Aquifer Consortium
- ✓ Parkland College Credit – 3 Hours (\$105 per credit hour) or
- ✓ Eastern Illinois University – 3 Hours Grad.(\$292 per credit hour) or  
 Will accept fee waivers
- ✓ 32 CPDUs
- ✓ One lesson plan required at end of class (Due August 6, 2010)

**Fee:** Please check with your school administration for payment of fees, as staff development money is available. Make checks payable to Earth Partners (Fee does not cover tuition cost for graduate credit or Parkland credit – tuition fee waivers may be used for graduate credit. Note: Fees cover meals, resource materials for teachers and students, and transportation to field sites.
